

WP-1 COIL COATING LIMITED WARRANTY

Standard Warranty Program with all dip or spray coil coating applications.

Bronz-Glow Limited Coating Warranty- The fin tube coil(s) of this unit have been Bronz-Glow coated with the Husky Coil Coat Dip Process or Spray Process for corrosion protection. Upon our receipt of the completed Bronz-Glow Limited Warranty Registration Form, the following coating warranty applies:

Part “A” What is Covered?

Any new coil which has been coated by a Bronz-Glow Licensed and Certified Field Spray Applicator or In-House Dip Coating Applicator with Husky Coil Coat. For the purposes of this warranty, the definition of the coil shall be the fin tube area of coils, extending from header to header and up to, but not including, the first solder/braze joint.

For How Long? The warranty covers the “coating on the coil”, for the first sixty (60) months, beginning with the original application date, and is subject to Bronz-Glow’s receipt of the completed coating warranty registration form for the specified unit being warranted.

How is the Limited Coating Warranty Coverage Applied? The maximum liability for all coils coated with Husky Coil Coat is applied and prorated as follows: Should the original coil require re-coating due to external atmospheric corrosion, Bronz-Glow shall re-coat the coil using, at our option, a licensed Field Spray Applicator or a Bronz-Glow In-House Dip Facility at the following schedule based on the manufacturer’s list prices at the time of re-coating. Warranty does not include travel, subsistence, freight, sales tax, duties, or labor.

This Warranty is prorated for Bronz-Glow re-coating cost of registered coils for 60 Months from date of original coating. Under this warranty, owner is subject to a retro-fit coil handling charge of \$25.00 to \$50.00 for each coil, depending upon size and number of coils being re-coated. Re-coating pro-ration is as follows: 1st & 2nd year is 100 % of re-coating, 3rd year is 70% of re-coating, 4th year is 60% of re-coating, and 5th year is 50% of re-coating cost. This warranty is limited to coverage of Bronz-Glow coil coating applied by a Bronz-Glow Licensed and Certified Applicator.

Part “B” What This Warranty Does Not Cover

Those items not covered under this warranty are any and all items not shown as covered in Part “A” of this Limited Warranty including but not limited to: Any other parts, refrigerant, reclaiming, or replacement of gases, disposal, freight, duties, postage, tariffs, damages, to items or products caused by failure other than those explicitly defined as covered by this warranty.

1. Other Items Not Covered Under This Limited Warranty:

- a). Damage originating internally, such as from corrosive liquids or gases inside the system.
- b). Damage from improper coil cleaning methods, such as the use of wire brushes, high pressure steam/water or air spray (+ 50psi) use of unauthorized chemicals or un-proven coil cleaners, coil cleaning not consistent with Bronz-Glow’s warranty maintenance program or other abrasive actions or products.
- c). Damage from other mis-use, neglect, or any other intentional or accidental act, or any act of nature which compromises the integrity of Bronz-Glow’s protective coating applied for external corrosion protection.
- d). Labor or workmanship involved in any field installation, assembly, repair, touch-up or re-coating, disassembly, coating of replacement coil by others.

2. Our Workmanship is warranted for thirty (30) days from the date of coating application. Our workmanship warranty is limited to parts coated, disassembled or reassembled by Bronz-Glow’s trained Technicians for the purpose of coating equipment.

3. Bronz-Glow Reserves The Right To, in its opinion and as an option, visually inspect any unit (prior to re-coating or repair of coils), either by onsite inspection or requiring photograph and/or video evidence of external corrosive damage.

4. Re-Coating of an original or replacement coil, does not extend the original warranty.

5. Bronz-Glow’s Liability does not extend beyond the Terms or Conditions of the limited warranty. Bronz-Glow shall not be liable for any damages caused by equipment or failure of operation of equipment, or a manufacturer’s defect in the equipment. We neither assume, nor do we allow anyone else to assume for us, any additional liabilities. No person, company or entity of any type or manner can make, represent or construe any other terms or obligations under this warranty.

WP-1 COIL COATING LIMITED WARRANTY

Part "C" What You Must Do To Keep This Limited Coating Warranty Valid!

1. **Owner Must** register this unit and coil(s) covered under this limited warranty by returning the completed owner registration form within sixty (60) days of equipment delivery to owner.
2. **Owner Is To Provide** normal maintenance (refer to "Owners Coated Coil Cleaning and Maintenance Service Manual") including scheduled coil cleanings, coating touch-up of abraded or eroded coating on fin areas or scratches. All of which can compromise the integrity of protective coatings. Cleaning coils and coating touch-up are considered normal maintenance during the life of equipment. Maintenance requirements are part of the Limited Warranty and should begin immediately following installing of equipment. Husky Brand coil cleaners are approved for Bronz-Glow's coil and cabinet coating applications. Failure to keep a unit/coil serviced, may void all or part of this warranty.
3. **Owner Is To Give** prompt attention to needed repair and service of coating.
4. **Owner to Schedule** coil cleaning and inspection of coating in accordance with the terms of this limited warranty.
 - a) Units/coils located within 10 miles of sea coast, or in areas where aggressive corrosive atmospheres are common (paper mills, refinery, chemical plant, WWTP, or similar) the coils shall be cleaned using Husky Coil Guard. Coils shall be cleaned no less than once every other month. Coil Guard is available from Bronz-Glow Technologies.
Fresh water rinses do not constitute coil cleaning! Use of wire brushes is prohibited!
 - b) Clean coils located 11 miles or greater from sea coast no less than once every three months using Husky Coil Guard. Contact Bronz-Glow Technologies to purchase Coil Guard.
 - c) Following cleaning, check coils for abrasion, erosion or corrosion damage. Inspect fin edges where abrasion is prevalent, the fin tube interface, and the U-bend portions of coils.
 - d) If wear or abrasion is evident, use of a Bronz-Glow Maintenance Touch-Up Kit is available from Bronz-Glow Technologies. Our Authorized Bronz-Glow Certified Field Applicators are available to assist customers with proper touch-up and coil cleaning requirements if needed.
5. **Do Not** use high pressure water / air spray, wire brushes, scrappers, or other abrasives to clean coils, as it may damage the coating and void the warranty.
6. **Protect Your Warranty**-Insist that service technicians use only approved Husky Coil Guard cleaners and Husky Brand touch-up materials during service of your equipment. Unapproved coil cleaners may damage the coating and void your warranty. Call Bronz-Glow's Customer Service Department for additional warranty information. (904) 825-0175.
